MISSION STATEMENT

The Mission of St. Francis Xavier is to promote Catholic values and academic excellence in the formation of each child through service, love, knowledge and faith.

PHILOSOPHY

The administration, faculty, and staff of St. Francis Xavier School, in recognition of the talents and abilities inherent in each child, seek to promote and develop God's gifts in every student.

We view our ministry as one of instruction, guidance, and service, grounded in the Gospel of Jesus Christ and our Catholic Christian heritage. With the essential support of our families, we strive to develop the whole person, encompassing the spiritual, academic, emotional, and physical well-being of our students.

ACCREDITATION

SACS Approved and Lumen Accredited

OUR SCHOOL HISTORY

Holy Family Academy, the first Catholic school for African Americans in Baton Rouge, was located on Florida Street at the site of the present Main Post Office. The Holy Family Sisters operated this school. In addition to day school, the Sisters cared for boarders and orphans. With the coming of the Josephite Fathers & Brothers to work with the congregation of the newly erected Saint Francis Xavier Church, a school was built in 1920. The Sisters sold Holy Family Academy and loaned the money to the parish to make Saint Francis Xavier Catholic School, the first parochial school in the Diocese of Baton Rouge.

On September 30, 1920, Saint Francis Xavier Catholic School opened its doors to an awaiting public. It was the only predominantly African American Catholic School in the Baton Rouge area, attracting students from Plaquemine, Zachary, Gonzales, and other regions. Since 1920, Saint Francis Xavier Catholic School has been entrusted with the education and development of our young children, and its mission of educating the whole child continues.

After many years of sacrifice and hard work, in 1955, Saint Francis High School opened its doors to two hundred students. Under the guidance of Reverend Francis Carney and the able direction of Sister Rose de Lima, SSF, the school achieved considerable success. However, the future was not theirs to see. In 1961, the beautiful Saint Francis Xavier High

School took a final bow and gave in to progress. The state bought the building for the interstate system. In June 1961, Saint Francis Xavier High School was torn down.

Against the odds, Saint Francis Xavier School continued to prosper. In June of 1961, the old elementary school, which had also served as the convent, was moved to the site of the present Saint Francis Xavier Church. A new school was constructed on the property and opened its doors in 1963. The student body is composed of youth in grades Kindergarten through Eighth grade. It has served the community well throughout its rich history and continues to grow and thrive. As our enrollment increases, we remain focused on helping our children excel academically, spiritually, culturally, and physically. For ninety-nine years, this institution has been the source of a Christian education and an academic foundation for thousands of Baton Rouge area citizens, both Catholic and non-Catholic.

Non-Discrimination Policy

St. Francis Xavier does not unlawfully discriminate based on race, color, gender, sexual orientation, religion or national or ethnic origin in its student admission process, faculty and staff hiring practices, educational policies, scholarships, athletics, or other school administered programs.

Notification of Designation of Directory Information

Notice is hereby given of St. Francis Xavier School's FERPA (Family Educational Rights and Privacy Act) policy and parent's and eligible students' (students over 18 years of age) rights under the ACT.

Designation of Directory Information:

Designation of Directory Information: Parents and eligible students are advised that St. Francis Xavier has designated the following information contained in the education records of its students as "Directory Information" for purposes of FERPA: the student's name, addresses (including email addresses), telephone number, date of birth, year of school, parish, dates of attendance, participation in officially recognized activities and sports, weight and height of members of athletic teams, photographs (including identification pictures), videos depicting and/or concerning life at the St. Francis Xavier, degrees and awards received, and previous educational institution(s) attended. Directory Information may be disclosed without consent.

Parents' and Eligible Students' Right to Prevent Disclosure of Directory Information:

Any parent or eligible student wishing to prevent disclosure of directory information must file a written notification to this effect with the Principal of St. Francis Xavier School.

Annual Notification of Rights under FERPA

FERPA affords parents and eligible students certain rights concerning the student's education records. These rights are:

- A. The rights to inspect and review the student's education records within 45 days of a written request to the Principal of St. Francis Xavier.
- B. The right to request in writing an amendment of the student's education records that the parent or eligible student believes are inaccurate and to a hearing if the requested amendment is denied.
- C. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorized disclosure without consent.

A school official has a legitimate educational interest if the official needs to review an education record to fulfill their professional responsibilities.

Administration

The principal is the director of the school and is responsible for its daily operations. The principal is accountable to the Pastor, the Diocesan Board, the School Advisory Board, and the school community for all matters related to the school. Working closely with the faculty, the principal has full responsibility for implementing the school's policies and regulations.

The Faculty and Staff are comprised of a group of dedicated lay people qualified by Diocesan Standards. It is their responsibility to help create a safe environment conducive to education, facilitate learning, and help build a faith-based community.

RELIGIOUS EDUCATION GOAL

St. Francis Xavier School strives to fulfill the threefold purpose of Catholic education: to teach doctrine, to foster community, and to serve one's neighbor.

OBJECTIVES

To realize this, we strive to:

- Instill in each child a sense of his/her privilege and responsibility in helping to build God's Kingdom here on earth by internalizing Catholic doctrine.
- Encourage each student to respond to the Lord through experiences in silent, spontaneous, and formal prayer.
- Give students the opportunity for active participation in liturgical celebrations and provide special sacramental preparation programs which include parents and students.
- Encourage student involvement in parish/school activities both in the local and larger community.

- Make gospel values the norm, thereby fostering in each student a respect for self and others.
- Emphasize world needs by fostering in students a social awareness of their responsibility to humanity, which is part of their Catholic calling to serve one another.

INTELLECTUAL GOAL

St. Francis Xavier Catholic School seeks to create an educational atmosphere that encourages and challenges students to develop to their fullest potential.

OBJECTIVES

We strive to:

- Utilize the curriculum to effectively develop, master, and refine the fundamental skills in reading, writing, and mathematics.
- Foster our students' creativity, intellectual curiosity, and a spirit of enthusiasm for learning, which will enrich the quality of their lives.
- Use standardized test scores as an aid in assessing student progress, planning curriculum, and addressing academic difficulties among our students.
- Provide opportunities for students to develop independent study skills.
- Integrate technology into the curriculum.

SOCIAL AND PSYCHOLOGICAL GOALS

St. Francis Xavier Catholic School seeks to assist each student to develop a sense of self-worth, to become more aware of the dignity of others, and to acquire a sense of responsibility to society.

OBJECTIVES

We strive to:

- Help students develop a positive self-image and an attitude and spirit that will enable them to live worthwhile lives as members of society.
- Foster in students a deep appreciation of their American culture and heritage, while recognizing the contribution that all cultures make to society.
- Develop respect and reverence for all human life so that freedom, peace, and justice will become a reality in our world.
- Provide opportunities for students to work cooperatively, emphasizing that friendship is an important human relationship and should be extended to every member of the student community.
- Encourage students to accept personal responsibility and develop self-discipline.

OFFICE HOURS

The school office hours are from 7:15 a.m. to 3:45 p.m. on weekdays. On early dismissal days, the office will be open from 7:15 a.m. until 30 minutes after dismissal. At other times please leave a message on the answering machine or contact us via email. Email addresses are listed at the back of this document.

PARENTAL EXPECTATIONS

In enrolling the child in a Catholic school, parents are to be aware that they are expected to clearly demonstrate their support of Catholic education. Please be respectfully attired when coming to campus for conferences or any other business. Parents are expected to show an interest in the education of their children by cooperating respectfully with the rules and directives of the administration and faculty in all school matters. If this respectful cooperation is not forthcoming, the child's continued enrollment may be in jeopardy. Students are expected to comply with all school regulations, cooperate with administration, participate in all aspects of the religion program, and to conduct themselves, both on and off campus, in a manner that is conducive to good learning and appropriate behavior. In addition, parents/guardians should notify the School Office of any transportation changes.

ADMISSION POLICIES

The principal makes decisions regarding admissions, continuation, retention, and promotion of students. Where extenuating circumstances require careful consideration, the principal consults with the Pastor and/or the Superintendent.

ADMISSION REQUIREMENTS

Parents who seek a Catholic education for their child/children enter into a contractual agreement between the school and the parent/guardian and/or the rules of the school covering all areas of the student's development as stated in the school's philosophy. As part of the contractual agreement, there are explicit (expressed) and implicit (implied) expectations placed on both the parent and the administration. These rules and regulations are included in the parent/student handbook and school communications. St. Francis Xavier Catholic School does not discriminate based on race, ethnic origin, or sex.

All students presently enrolled at our school are given priority for re-admission for the next school year. However, if parents do not pay the registration fees by the due date, admission will be on a first-come, first-served basis. Due to the possibility of limited space, returning parents must understand that paying the registration fee is the first step in securing a placement for the upcoming school year.

Transgender Students

Parents whose transgender students present for admission or continuing enrollment in St. Francis Xavier School will be requested to:

1. Present documentation shows that their child has been diagnosed with gender dysphoria.
2. Attend a conference with the pastor, principal, and diagnosing physician.
3. Understand that the student will be held to the exact expectations for conduct, in and out of the classroom, as outlined in the St. Francis Xavier Parent/Student Handbook.
4. Support the school in requiring the student to use the individual restroom located in the office.

This policy has been developed with consideration for the psychosocial development of each student and with deep respect for the dignity of every person.

RECORDS REQUIREMENTS

Baptismal Certificates:

The baptismal certificate (if Catholic), birth certificate, updated health records, evidence of residency, and a copy of the child's social security card.

Health Records:

A current immunization record must be completed by your child's physician or an acceptable authority and returned before the first day of school. By state law, no child may attend school until this has been submitted.

The following records are required of all students:

- A. Four (4) DPT (Diphtheria, pertussis (Whooping Cough), Tetanus combined)
- B. Three (3) Oral Polio
- C. One (1) Measles
- D. One (1) Rubella (German measles)

The last DPT and Polio vaccines must have been received after the student's fourth birthday. Any child who has a note from a physician stating that no immunizations are needed or should be accepted at this time will be considered fully immunized.

Promotion Documentation

All new students must provide an official report card from the previous school system in which they were enrolled. Report cards must provide evidence of promotion to the next grade level within that system.

OTHER DOCUMENTATION REQUIRED

Other documents such as report cards, standardized achievement test results, psycho/educational evaluations, court-certified documents regarding child custody, IEPs, etc., will be requested to help determine the appropriateness of St. Francis Xavier for the respective student.

Financial Policies

TUITION

St. Francis Xavier Catholic School is a parish ministry. Based on diocesan policy, the pastor is the person ultimately responsible and accountable for the financial actions of the parish. To this end, all budgetary plans and financial commitments of the school are made in coordination with the pastor, principal, and school finance office. Tuition is subject to review and approval. Financial policies governing the school are designed to safeguard the assets of the parish and school, ensuring a sound economic base. These policies incorporate guidelines for both long-term and short-term planning. Once established, the budget and deadlines cannot be altered or extended.

The school's budget is prepared annually. The annual tuition rate is based on projections of the per-pupil cost, less contributions from the parish, donors, and fundraising efforts. Financial stability at St. Francis Xavier is contingent on a timely remittance of tuition, fundraisers, receipt of donations, grants, and fellowships, and proper fiscal management by the pastor and school finance officer. Tuition for the academic year will be determined each year before registration.

If a parent is more than 60 days delinquent in the payment of tuition, the school reserves the right to refuse service to the student(s) until such a delinquency is paid. If the delinquency continues, the student will be dropped from the school at the end of the grading period. Please note that if a child transfers to another school, student records may be withheld for non-payment.

FACTS is the tuition payment plan provider utilized by St. Francis Xavier School for managing tuition payments. Parents must enroll in FACTS. There is a mandatory \$45.00 processing fee that is added to the first month's payment. Payments are due on the 5th or the 15th of each month. The first month's tuition is due July 5th or July 15th, 2025. Parents who wish to pay tuition by the semester are to pay the first semester by July 5th, and the 2nd semester is due by December 5th or 15th. Parents who wish to pay their child's tuition in full may do so by July 5th or July 15th. Parents paying by the semester or for the entire year may do so in the school office.

All tuition must be paid in full by May 1 of the school year.

State or City Ordered School Closures

If school is closed due to weather or a public health concern, parents or guardians will still be responsible for tuition payment. The education of each student will continue through virtual, remote, or e-learning. Teachers will continue to plan standards-based lessons and evaluate student work. Report cards will be distributed at the end of each grading period. If a parent or guardian cannot make regular tuition payments, the principal should be notified as soon as possible to arrange a payment plan.

Withdrawal Policy

St. Francis Xavier will not complete recommendation forms for other schools. The administration will complete recommendation forms for eighth-grade students as part of the high school application process.

When a student withdraws during the school year, their parents must complete and sign a withdrawal form. Allow three business days for the office to complete the withdrawal process. Student records will not be released until after the parent has completed the withdrawal process, paid any outstanding fees, and informed the school of the student's next school's name, location, and address.

Registration and maintenance fees are non-refundable. If a student withdraws, tuition may be refunded as outlined below (if applicable):

- **Withdrawal during the first quarter** – 75% of tuition is refunded.
- **Withdrawal during the second quarter** – 50% of tuition is refunded
- **Withdrawal during the third quarter** – 25% of tuition is refunded
- **Withdrawal during the fourth quarter** - 0% of the tuition is refunded.

Emergency Card

An emergency card is kept on file for each student in the school office. All reasonable attempts are made to notify parents as soon as possible in case of an accident or injury to a student or when a child becomes ill. Parents must keep the school informed of any changes in address, home or cell phone numbers, work phone numbers, custodial arrangements, and/or plans to leave a child with a guardian while traveling. If parents cannot be reached, the school will contact the persons listed on the emergency card. It is the responsibility of the parent or guardian to notify the office of any changes that may occur regarding emergency contact information. If a parent is out of town, please notify the home room teacher and the school office in writing of who will be the designated guardian.

Custody Information

The custodial or domiciliary parent must furnish the school office with a copy of the custody section of the divorce decree. In the absence of this decree, students' information, as well as their details, will be released to either parent. Upon written consent, the school will provide the non-custodial/non-domicile parents with access to the academic records and other school-related information regarding his/her child, unless we are legally directed otherwise.

Academic Policies

St. Francis Xavier Curriculum is based upon State Standards. The regular courses for each student in grades 1–8 include religion, language arts, mathematics, science, and social studies. Various enrichment classes include technology, physical education, and library.

St. Francis Xavier faculty, staff, and administration may not discuss academic, behavioral, or discipline records with anyone other than the child's parents or legal guardians. SFX respects the confidentiality of the families it serves. St. Francis Xavier employees will keep information confidential as long as no one's life, health, or safety is at stake. Parents will be notified promptly of any concerns relating to the student's life, health, or safety. All St. Francis Xavier employees are mandated reporters as required by state law.

- A. **Books & Materials** – School supply lists were issued at the end of the year and are on the school's website.
 - a. All textbooks provided to the students are the fiscal responsibility of the parents.

b. A fee will be assessed on all damaged books. The fee will be based on the replacement value of the item.

B. **Grading System** - The following numerical percentage scale is used to determine daily grades, nine-week averages, and the yearly average in each subject:

Grading Scale	Letter Grades	Quality Points	Achievement
93-100	A	4	Outstanding
85-92	B	3	Good
75-84	C	2	Satisfactory
67-74	D	1	Minimum
66-0	F	0	Failure
I			Incomplete

Teachers are responsible for determining the listed marks for each nine weeks (grades 2-8) or each semester (grades K-1). All grades for tests, assignments, projects, and other assessments during a grading period are averaged to determine the quarterly mark.

An interim four-and-a-half-week progress report will be sent home by each teacher for every student during the fifth week of each quarter. Report cards are issued every nine weeks. Report cards, checklists, and/or narrative reports will be issued each nine weeks for Kindergarten students.

HOMEWORK

St. Francis Xavier School fully supports the philosophy that homework should be assigned. Completing homework has a direct effect on a student's grades. Homework activities may include practice and application of previously taught material, supplementary reading, research, or other tasks that reinforce instruction. The amount of time a student should spend on homework varies from grade to grade and from child to child. If a child spends long periods each evening doing homework, parents should consult with the teacher to determine whether the child requires exceptional help. Parents should help the child become an independent learner. By no means should parents do the work for their students. Homework may be assigned Monday-Thursday.

STANDARDIZED TESTING

The Diocese of Baton Rouge requires the ACT Aspire standardized tests to be administered throughout the year. All students in grades 3 – 8 take two interim assessments and one summative assessment. Students who are participants in the Louisiana Scholarship Program also take tests as required by the Louisiana Department of Education, usually in April. The classroom teacher is better able to address the needs of individual students as well as the whole class when test results are used for both diagnostic and achievement measurements. Results are shared with

parents and students as soon as they are available. **The Assessment of ARK (ARK) is administered to second through eighth graders annually in March.**

COMPULSORY ATTENDANCE LAW

State of Louisiana Attendance Requirements: Elementary/Middle School students are required to be present for a minimum of 167 days during the school year to receive credit for courses taken. Section 221 of title 17 of the LA Revised Statutes states that the responsibility of a child's school attendance is placed with the child's parent or guardian. This responsibility includes waking the child in sufficient time each morning and ensuring that the child arrives at school on time. Any parent or guardian found to violate the compulsory school attendance law may be fined not more than \$250 and/or sentenced to 30 days in jail or both. If the child is chronically absent from school, a referral may be made to the District Attorney's Truancy Office. All students must be in attendance from 7:55 a.m. to 3:15 p.m. to be considered for perfect attendance. Parents of students who have five unexcused absences will be referred to the EBR Truancy Center. **Students who habitually arrive late will also be referred. It is the responsibility of the parents to bring students to school on time.**

ABSENCES

As absences occur, a written statement from a parent, legal guardian, or a physician stating the reason for the absences shall be given to proper school personnel within five school days after the student returns to school.

Both excused and unexcused absences count toward a student's maximum allowable absences. Legitimate extenuating circumstances are defined at the discretion of the principal. Students are expected to be on time and present for all classes throughout the day on all school days during the year. The school administration requests that parents make every effort to schedule doctor and dentist appointments, haircuts, vacations, and other similar appointments outside of school hours.

Students may not miss more than ten days. Excused absences do not constitute being excused from the number of required attendance days.

No student may participate in a scheduled practice or sports event on the same day that the student is absent, checks out early for the day, or is suspended from school.

PROLONGED ABSENCES

If a student is absent for one-half of nine weeks, he or she will not receive a report card for the grading period. If a student is absent for more than 20 days, he/she must repeat the grade. The only exception to this rule is a student with a prolonged illness confirmed by a physician.

EXCUSED ABSENCES

If a student is absent for a reason deemed justifiable by the administration, he/she can "make up" all work missed. If a student is absent on the day of a test, he/she must make up the test at the discretion of the teacher. An excused absence will be granted only for death in the family, serious illness, student illness, prolonged doctor's appointment, or an emergency condition beyond human control.

UNEXCUSED ABSENCES

If a student is absent for an unjustifiable reason or simply as a "matter of convenience" to himself/herself or his/her family, the student is not allowed to "make up" examinations, quizzes, and/or tests missed during the absence but is held responsible for the material and assignments covered in his classes during his absence. An unexcused absence from any test, quiz, or examination will result in the student receiving a zero on that examination. An unexcused absence makes the student ineligible to participate in any school function that day. This applies to sporting events, social gatherings, and other similar events.

SEMESTER ABSENCES

As stated in state policy, Bulletin 741, any student who misses ten (10) days of school (excused or unexcused) per semester will automatically fail that semester. An extended illness will be the only exception. Even though a student automatically fails a semester due to absences, he/she may remain at St. Francis Xavier. A student absent from school as a result of any suspension shall be counted as absent, shall be given failing grades for those days suspended, and shall not be given an opportunity to make up work.

EDUCATIONAL ABSENCES

Suppose a student is absent from regular classes because of some school-related activity (field trips, organizational conventions, etc.). In that case, he/she can make up all the work missed during this "educational absence." To qualify for an educational absence, the student must obtain written permission on the official permission slip. If a student is an athlete, they are excused to participate in any athletic event that occurs during school hours; however, they must also follow the official checkout policy and are responsible for all missed work.

TARDINESS TO SCHOOL

School begins promptly at 7:55 a.m. Students reporting after 7:55 a.m. are tardy and must be checked in at the school office with a parent or guardian present. Students are not to report to class while the parents come to the office for the tardy slip. Five unexcused tardies in a grading period will result in disciplinary action. Five tardies will equal an absence.

All students reporting late to school or checking out before the end of the school day due to a medical appointment will be required to bring a written excuse from a medical authority for tardiness or check-out to be excused. All students who check out of school due to the onset of illness while at school will be required to bring a written excuse from a parent if medical attention is not needed. **Early check-out disrupts class instruction and should not be a daily event.**

Appointments and events of a non-medical nature will **not** be excused. Students may bring a tardy excuse signed by a medical authority on the day of tardiness or the following day, allowing for any make-up work to be completed and full credit to be given. All unexcused tardies will result in a student receiving a maximum of 75% credit for all work missed. This includes grades assigned for tests, assignments, and classwork.

PROMOTION AND RETENTION

The promotion or retention of a learner should be based primarily on the degree of achievement of the specific objectives of the grade or course. A pupil failing in two major subjects is not eligible for promotion. Parents should be informed in writing of possible non-promotion by the beginning of the third nine weeks, and an arrangement should be made for a consultation. Progress reports offer an excellent opportunity to inform parents before the grading period that the student is struggling academically in class.

A pupil passes on condition that one primary subject fails. The pupil should make provision to remove the condition through summer school or prescribed tutoring. Retention will be seriously considered for a student who has not achieved competence in all subject areas.

Major subjects in K-8 are:

Religion
English/Lang. Arts
Math
Social Studies
Science

Elementary children must be present for a minimum of **168** days to be eligible to receive credit for the courses taken. Exceptions may be made only in the event of extended personal illness as verified by a physician or at the discretion of the principal.

CATHOLIC SCHOOL RELIGION PROGRAMS

In keeping with the good judgment and directives as published in the General Catechetical Directory and the recently approved National Catechetical Directory, all catechetical programs within the Diocese shall include memorization as part of their catechetical methodology. To avoid the errors of the past, please keep in mind that "preference should be given to formulas which, accurately expressing the content of faith, are adapted to the capacity of those being catechized. Formulas of faith are generally presented and explained when catechesis has reached the point of synthesis; that is, when those being catechized have a good understanding of the subject" (National Catechetical Directory, Chapter VIII, No. 175 of General Catechetical Directory, No. 73). After consultation with the Diocesan Superintendent of Schools and the Director of the Office of Religious Education and at their recommendation, I mandate, as Bishop of Baton Rouge and authentic teacher of Catholic doctrine in the Diocese, that the following prayers and other formulas are to be committed to memory at the grade level specified.

Methodology:

GRADE 1

Communication between the school and parents is essential. St. Francis contacts parents in numerous ways. These include:

- Mustang Messenger
- A Week Head (sent home in Monday's folder & located on the website)
- Parent Callout
- My Schoolwork's
- Emails/Texts
- Progress Reports during the 5th week of each grading period
- Parent Conferences

If you have an issue with your child's teacher or grades, don't hesitate to get in touch with the teacher directly. You may contact the administrator if needed. However, please call to make an appointment. For campus updates, the school's website is a valuable resource. Visit www.sfxbr.org.

Teacher Conferences

Parents may request to schedule a conference with their child's teacher. Scheduled conferences may not interfere with daily instruction. Conferences, even brief ones, may not occur during the school day, school activities, or on the pick-up line.

Telephone Calls/ Messages

Unless an emergency exists, neither teachers nor children may be called to the phone during school hours. Children will not be permitted to use the office phone without permission. During the work week, teachers will respond to phone calls within 24 hours of receiving the message. Please note that during the school day, teachers have limited access to their email.

In the event of an emergency, call the school office.

Birthdays/Parties

The teacher, along with the parent representative, may schedule parties at Christmas and the end of the year. These parties should not exceed 45 minutes in length. This includes celebrating birthdays. (Siblings may not attend parties.)

Balloons, flowers, candy, and gifts may not be sent to the classroom.

AWARDS

At the end of each nine weeks, an Award Program will be held for all students.

WITHDRAWAL REQUIREMENTS

The principal must be notified before any student transfers to another school before the end of the school year. Official school records are released from Saint Francis Xavier Catholic School only at the request of the school office to which the student(s) have transferred. **No school records will be released for students who have any unpaid fees.**

Diocesan Handbook 4.9.2.4:

Parent and student cooperation is necessary to ensure the orderly functioning of St. Francis Xavier School as well as the furtherance of the student's education. If parental cooperation is not forthcoming, the student's continued enrollment at St. Francis Xavier School must be reviewed to ascertain if the student's presence in school serves the best interest of the school and the student. After opportunities have been provided for reasonable and fair dialogue among parents, administration, and the pastor, and if the pastor and administration determine that the parents no longer honor the expectations outlined in the school's contractual agreement, then the parents shall be directed to withdraw their child/children from the school.

GRADUATION REQUIREMENTS (Grade 8)

All eighth graders must complete basic skill knowledge before being promoted to the next grade level. Skills will be discussed for promotion at the beginning of the school year by the eighth-grade teacher. Financial debts are due no later than April 1st of each academic year.

All eighth-grade fees are due by September 26th.

COUNSELING OPPORTUNITIES

St. Francis Xavier has the right to require, under certain circumstances, parents to seek outside counseling at their expense from outside sources for their child to remain at St. Francis Xavier.

CRISIS PLANS

St. Francis has implemented a safety program, based on best practices recommended by both Federal, State and local Government Agencies, i.e., FEMA and Homeland Security, as well as national first responder organizations. Parents can participate in the school safety plan by doing the following:

- Always check in and get a visitor's badge when visiting the campus.
- Make sure the school has accurate phone numbers and email addresses.
- Follow directions as given by the school. In an emergency, do not report to the campus unless summoned. If on campus during an emergency, follow the directions given.
- If you see a potentially dangerous situation on campus, please report it to the front desk immediately. If you see a suspicious person on campus who you think is dangerous, notify the office.

Emergency Closing of Schools

St. Francis Xavier will follow the same directive as East Baton Rouge Parish Public Schools regarding weather-related emergencies and/or early school closures.

Emergency Dismissal

Parents of children who arrive by car will be notified via the news media, telephone or text messaging system, per the emergency contact numbers provided. Procedures will be the same as routine pickup.

Safe Environment

The Diocese of Baton Rouge has instituted a Child Protection program and is fully committed to the protection of children and youth. In its publication, USCCB Charter for the Protection of Children and Young People, the United States Conference of Bishops stated, "Dioceses are to maintain safe environment programs which the diocesan bishop deems to be in accord with Catholic moral principles. They are to be conducted in cooperation with parents, civil authorities, educators, and community organizations to provide education and training for children, youth, parents, ministers, educators, volunteers, and others on ways to create and maintain a safe environment for children and young people. For more information on the Child Protection program, go to <https://diobr.org/child-youth-protection>.

All volunteers and employees who have ongoing, unsupervised contact with minors during their ministries or employments will be required to complete the following process:

- A. 1 EAAPS application form
- B. The acknowledgement form for the Code of Ethics and Behavior for Adults who minister with Children in the Diocese of Baton Rouge
- C. The Safe in Place training module for adults

When these steps are completed, submit a hard copy of each to the secretary. She will then provide a signed form for the volunteer's Background Check and fingerprinting. Names of all volunteers will be screened through the Louisiana State Police Sex Offender Registry.

Discipline Policies

Each faculty and staff member at St. Francis Xavier Catholic School expects acceptable behavior in the classroom and therefore communicates expectations to students. However, many areas outside of the school also warrant the use of sound judgment, courtesy, and specific behaviors. For this reason, we have established a school-wide discipline plan.

Any student who chooses not to follow a school rule will be subject to discipline. A discipline slip will be issued for parents to sign. The slip will indicate the specific violation. Please note that any

A student who engages in conduct, whether inside or outside the school, that is detrimental to the reputation of the school may be disciplined by school officials.

A Discipline Infraction Form is the school's communication to the parent that the student has committed a singular serious infraction or has accumulated several lesser infractions or **has accumulated five or more unexcused tardies in nine weeks**. Consequences are listed on the form

and may also include loss of participation in a field trip, purchasing snacks, or an out-of-school suspension.

Suspension is earned for any one serious offense or an accumulation of offenses, and the student is placed on disciplinary probation for the remainder of the year. Depending on the offense, a student is eligible for expulsion from school.

Expulsion may be earned for any one serious offense, or for an accumulation of offenses, or lack of parental support in helping the child to improve behavior. No student will be allowed to disrupt the learning of others.

against acts of harassment applies to all people engaged in all school-related activities. This includes posting inappropriate messages via electronic communications.

Sexual harassment shall be defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

Submission to such conduct is made either explicitly or implicitly a term or condition of a student's academic success or achievement of any other nature. Submission to or rejection of such conduct by an individual is used as the basis for decision affecting the students.

Student conduct has the purpose and/or effect of unreasonable interference with a student's school performance or of creating an intimidating, hostile, or offensive school environment.

- Verbal harassment shall include derogatory remarks, jokes, or slurs, and can include belligerent or threatening words spoken to another person.
- Physical harassment includes unwarranted physical touching, contact, assault, deliberate impending or blocking movements, or any intimidating interference with normal schoolwork or movements.
- Written or electronic communication harassment includes communication of any threat of, or act of, sexual, verbal, and/or physical harassment.

BULLYING

Saint Francis Xavier's faculty and staff provide students with an informative process, as needed, designed to empower them to address bullying and create a safe zone conducive to learning.

Bullying behaviors include not only physical aggression, but also emotional harassment and social alienation.

Violence is any word, look, sign, or act that hurts a person's body, feelings, or things. Included within this broad definition of violence are two important, distinct categories of violence: peer violence and bullying.

Peer violence is defined as acts of violence that stem from disagreements, misunderstanding, or conflicting desires between students who are equally matched in power, which may be physical strength, social skill, verbal activity, or another resource.

Bullying occurs whenever someone uses his or her power unfairly and repeatedly to hurt someone. To make our school safe and violence-free, school staff must intervene when they see either type of violence. Schools can successfully deal with the problem of peer violence by helping children grow in their knowledge and ability to use social skills such as communication, processing feelings, problem solving, conflict management, and conflict mediation.

HARASSMENT, HAZING, BULLYING

To reflect Gospel values and to ensure a positive and safe learning climate, the schools of the Diocese of Baton Rouge do not condone harassment, hazing, or bullying of any kind. All school community members are to be treated with dignity and respect. In that spirit, the prohibition against acts of harassment, hazing, and bullying applies to all Catholic school students, both on and off campus. It is recognized that harassment, hazing, or bullying can involve verbal, physical, written, or electronic communication.

Each school shall establish policy regarding the identification, reporting, investigation and disciplinary action taken for reported allegations of harassment, hazing, or bullying involving members of the school community. The school's policy must be included in each school's parent/student handbook.

DEFINITIONS:

Harassment is annoying or unpleasant behavior toward someone including, but not limited to, threats, offensive remarks, or physical attacks. Verbal harassment shall include derogatory remarks, jokes, or slurs and can include belligerent or threatening words spoken to another person. Physical harassment includes unwarranted physical touching, contact, assault, deliberate impeding or blocking movements, or any intimidating interference with normal schoolwork or movement. Sexual harassment involves unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature.

Hazing is a form of harassment that involves intentional, knowing, or reckless acts that induce pain, embarrassment, humiliation, deprivation of rights, physical pain, or mental discomfort. It is directed against a student for the purposes of being initiated into, affiliated with, holding office in, or maintaining membership in any organization, club, athletic team or other group. Culpability includes hazing practices mandated or voluntarily entered by any party.

Bullying behavior is the repeated harassment and targeting of another with the intent to cause emotional, physical, or psychological harm.

MORAL TURPITUDE VIOLATIONS

Violations of civil or criminal law involving moral turpitude or other conduct that in the professional opinion of the school administration would reflect or cause discredit to the reputation of the school by being contrary to the moral, religious or orthodox ethical principles of the Roman Catholic Church or the philosophy, policies, goals and commitments of the Catholic school as indicated in the parent/student handbook make a student subject to corrective action, including suspension or dismissal.

Activities prohibited by this regulation include but are not necessarily limited to the following:

- Attending, sponsoring or participating in activities where alcohol or illegal drugs are sold, purchased, possessed or consumed.
- Committing, threatening or attempting to commit acts of vandalism that affect a person's life, health, or property.

SUBSTANCE ABUSE POLICY

Aware of the ever-present danger of the illegal use of chemicals/alcohol by students, the school strives to provide preventative education and a drug-free climate on campus and at all school-related functions. The use of all chemicals, including tobacco, smokeless tobacco, and tobacco products, alcohol, prescription or over-the-counter drugs, illegal drugs (here and after known as "chemicals") is prohibited. If a drug/alcohol treatment program is mandated, it is to be financed by the parent/guardian. If drug testing is mandated for suspicion, it must be financed by the parent or guardian. This diocesan substance abuse policy must be included in each school's handbook of policies and must be adhered to.

TOBACCO AND SMOKELESS TOBACCO

Suppose a student is found to have in his or her possession any tobacco product on school grounds or at any school-related function. In such cases, the administration will take appropriate action. Appropriate action may include, but is not limited to, suspension. Any tobacco product found in the student's possession shall be confiscated.

ALCOHOL

If a student is found to be in possession of or under the influence of alcohol on school grounds or at any school-related function, the alcohol will be confiscated, and the Parent/guardian will be called. The administration will take appropriate action. Appropriate action may include but is not limited to suspension or expulsion.

An "illegal drug" is any drug, possession of which is prohibited by federal, state or local law.

1. If a student is found to be in possession of or under the influence of an illegal drug on school grounds or at any school related function, the parent/guardian and civil authorities will be notified immediately, and appropriate action will be taken by the administration. Appropriate action will include but is not limited to suspension or expulsion.

LOOK-ALIKE AND IMITATION PRODUCTS

If a student is found to be in possession of any substance or product that resembles, imitates or is intended to give the impression of a chemical, appropriate action will be taken by the administration.

DRUG TESTING

Drug testing alone is not a substance abuse program. But as part of a comprehensive substance abuse program, testing can be an effective deterrent to substance abuse and an important tool to help educators identify students who need help. Drug testing will be mandated for suspicion of, possession or use of chemicals. If a drug/alcohol treatment program is mandated, it is to be financed by the parent/guardian.

CELL PHONES

Students may bring cell phones to school, but.... The only phone a student can use during school hours is the office phone, with permission. If a special event allows a cell phone, such as a field trip, an off-campus event, etc., students will be notified by the teacher that cell phones are allowed. This also pertains to MP3 players, DVD players, etc. Violations of this policy will result in disciplinary action as well as confiscation of the communication implement. Administration reserves the right to read text messages or check cell phones that are confiscated.

If a teacher plans a lesson with student cell phones, the principal should be notified that cell phones will be used for academic purposes on a particular day/period. Teacher lesson plans should also include cell phone assisted instruction. Students who do not possess a cell phone during such lessons will not be academically penalized.

Emotional Support Animals

The cost of field trips is not included in the tuition/fee schedule. Students are required to wear the school uniform for field trips, unless otherwise specified. Since field trips are a part of the school program, all school policies and expectations are in effect. Field trips help to stimulate good student morale. Since the field trip is a learning experience, students are adequately prepared for the observations they will make during the trip. They are also given a follow-up assignment to help them assimilate the knowledge gained on the trip. *A standard permission form must be signed by the parent/guardian and returned to the school.* A standard form is available in the back of this book in case the parent needs one in the event the student has lost the teacher-issued form. No student may attend a field trip without a signed permission slip.

MEDICATION POLICY

Medication, including non-prescription pain relievers such as Tylenol, shall not be administered to or taken by students at school except as outlined below. *Students are not allowed to have any type of medication, prescription or over-the-counter, in their possession on school property;* medication will be confiscated, reported to administration, and a parent/guardian will be contacted. and/or holding students in school during emergencies. Parents are urged to decide who will take care of their children if they customarily are not at home during school hours. Parents are encouraged to instruct their children about such plans. Parents should provide accurate contact information, legibly written, which can be used for robocalls and group emails. Please keep the information current.

Additionally, when remitting funds to the school for various events, please send exact cash if not paid by check. The school does not have change. All monies are deposited daily.

PARENTS AS PARTNERS

A facet of St. Francis Xavier Catholic School is the belief that the school assists the parents with their primary responsibility of providing religious and secular education for the children. Therefore the school expects the parents to be involved with their children. This means not only supporting the school and participating in the activities but also providing instruction and examples for their children both at home and in public. While St. Francis Xavier acknowledges that there may be some legitimate disputes concerning educational matters, the school is ultimately responsible for the orderly operation in the best interest of all its students. Therefore, the school reserves the right to terminate its relationship with a student if the student and/or parents of the student fail to provide the support, assistance, and example necessary to accomplish the school's role of assisting the parent in providing the religious and secular education to which the child is entitled.

Failure to abide by the regulations and policies of the school handbook by either the student or his/her parent or guardian may result in the student's removal from the school at the discretion of the school's administration.

Appeals

When a question arises concerning a policy or procedure, there must first be an effort to address the matter with the faculty, staff and then the administration prior to addressing the Pastor.

There are two types of appeals. Those that pertain to violation of policy and those that pertain to severe situations such as expulsion and/or lengthy suspensions. Appeals to the principal and succeeding authorities shall be made in writing on the form provided within five days of the disposition.

In an e-learning environment, the daily support of a parent/guardian is critical to providing students with continued quality education through e-learning. Specific guidelines will be provided to parents/guardians with detailed information regarding the e-learning schedule.

PARENT SERVICES HOURS

Service Hours for parents K thru 8th grade are expected to be active and involved. We have a special service hour binder in the office that parents must sign to receive credit. NO credit will be received if parents do not sign in the office. Parents (or grandparents or older siblings) are asked to give 20 hours of service to the school each year. The hours can be fulfilled in many ways. The Home and School Association will offer service hour opportunities as well that can begin as early as July 5th to count toward the current school year. Other service hour opportunities include landscaping, painting, cleaning, maintenance, tutoring, helping on field trips/activities, substituting, working athletic events, donations for class events, and donating paper (1 ream of paper = 2 service hours). Service providers should fill the binder in the office to document their volunteerism.

K -8th grade parents who do not complete ALL 20 volunteer hours by May 1st will be assessed a \$100.00 fee. The service hour fee is based on hours of work not performed or not reported.

MONEY AND VALUABLES

Students are advised against bringing large sums of money, cameras, rings, bracelets, necklaces, wrist watches, or other jewelry or valuables to school. If a student accidentally brings something valuable to school, he/she should, at the earliest opportunity, bring it to the school office for safekeeping. The administration, principal, faculty, or school will not be responsible for any loss or theft of personal items.

CLASSROOM VISITATION

Without special permission from the school administration, no one is allowed to visit classrooms or the campus during the school day. Parents and other visitors are to report directly to the school office for any need or problem. Parents are to pick up their children at the classroom door except after the dismissal bell if walking on campus to pick up the child.

CUSTODIAL REGULATIONS

St. Francis Xavier abides by the Buckley Amendment with respect to the rights of non-custodial parents. In the absence of a court order to the contrary, we will provide the non-custodial parent with access to academic records and other school information requested regarding his/her child. If there is a court order specifying that there is to be no information given, it is the custodial parent's responsibility to provide the school with a court-certified copy of the court order. If any change occurs, the custodial parent must supply the school with a current copy. It is assumed by the school that parents will abide by the court order. St. Francis Xavier assumes no responsibility for compliance with a court order.

FIRE DRILLS

Fire drills are held in accordance with state guidelines. Students should familiarize themselves with the location of their room in relationship to the exits and should follow the teacher's directives during fire drills. Teachers will periodically review safety procedures with students. During drills, students are required to file out of the building as instructed and go to their appointed areas.

FUNDRAISING

The school administration must approve fundraisers. Requests must be submitted to the principal for written approval.

ILLNESS AND ACCIDENTS

If a student becomes ill or injured during the day, he/she is to report immediately to the office. Every effort will be made to notify the parent/guardian immediately and the parent/guardian must arrange to pick up the sick or injured student. If parents/guardians cannot be reached, the

emergency contact will be called. If the parent/guardian and emergency contact cannot be reached, the administrator will assess the situation and take the best course of action to ensure the student's safety. If emergency care is required, the student will be escorted by a school official.

LIBRARY

The library is available for student use at designated times as well as during scheduled library periods. Fines for late books must be promptly paid. The complete cost of replacement will be charged for lost and damaged books.

LOST AND FOUND

Lost and found articles are sent to the office. These articles may be claimed after school or during lunch or recess. All books, school bags, and clothing should be marked with the student's first and last name, no initials. Purses and wallets should contain some form of identification and should not be shared. St. Francis Xavier School is not responsible for missing or lost articles. Parents are asked to put the student's name inside clothing in order to expedite the return of lost clothing items.

SECURITY CAMERAS

For the safety and security of our school community. Educational hallways and classrooms should be clear when the bell rings each morning and also at the end of the day. Parents picking up students on foot should wait outside the double doors by the parking lot. Additionally, all visitors are required to wear a sign-in tag.

SAFETY AND TRAFFIC REGULATIONS

Doors entering the main building are locked from the outside during the day. All visitors must report to the school office before visiting the main building. The entrance is located at 1150 South 12th Street. All students and other pedestrians must cross the streets surrounding the school at the intersections. Students and drivers should always obey the Crossing Guard.

All automobile traffic must flow during the pick-up and drop-off times of 7:30 am and 3:15 p.m. from Julia Street. Please do not park in the middle of the street or encourage students to cross in the middle of the street. Students may not be picked up at the front of the school (S. 12th Street). Parents may not load students on the side of the car opposite the curb. For safety reasons, students must enter the car curbside. Parents wishing to walk to pick up students may park in the front of the church and enter through the gate at the side of the church.

Technology Usage

Note: The following section of the Handbook regarding the Internet is taken from the Diocesan Policy Handbook (4.9.1.3)] – Refer to the school’s website for an updated, detailed policy.

Educational programs governed by the Catholic Schools Office require the ethical use of the Internet and related technologies by all employees, volunteers and students as set forth in the Acceptable Use Policy for the use of the Internet and related technologies. Access privileges may be revoked, school/parish disciplinary action may be taken, and/or appropriate legal action may be taken for any violation that is unethical and/or that may constitute a criminal offense. The use of the Internet and related technologies must be in support of education and research and consistent with the educational objectives of the diocesan school district.

Students will be instructed in the proper use of the Internet. The use of the Internet will be monitored and may be used only in support of education consistent with the educational objectives of the school. In compliance with the Children’s Internet Act, St. Francis Xavier Catholic School provides a filtering program so that children cannot access inappropriate websites. The use of technology is a privilege, not a right, and inappropriate use will result in the cancellation of these privileges.

1. Technology resources may be used for academic purposes only and not for commercial purposes.
2. Software is protected by copyrights laws. Making, giving to others or selling unauthorized copies of software is not allowed. Students may not bring software to school.
3. Students may not copy or change files from another user without permission from the teacher. Students may not attempt to gain unauthorized access to the teaching or administrative system. Students may not use another person’s sign-on and/or password. Students may not damage computer systems or computer networks.
4. Students may not submit documents from the Internet as a student’s personal work.
5. Students may not reveal their own personal information such as photographs, home address or phone number, or that of any other person or institution. Students are responsible for not pursuing material that could be considered offensive.
6. Students may not use technology to harass, insult, or threaten others by sending, displaying or downloading offensive messages or pictures. Students may not use offensive language in any form.
7. Students are not permitted to wear watches that have cameras and internet access during any type of tests.

Violations of the rules and policies described above will be considered a serious infraction. Consequences will be determined by the school administration.

INTERNET/NETWORK ACCEPTABLE USE POLICY

Internet Use: Terms and Conditions:

- Students are responsible for good behavior on school computers just as they are responsible for following the school's behavior plan.
- During school hours the use of the Internet will be for educational purposes only.
- The use of profanity is prohibited.
- Messages or materials sent over the network or through the internet will be respectful of others and contain no profanity and will not be offensive regarding sex, race or creed.
- The use of another person's account (s) is not permitted unless the person gives his or her express or written permission.
- Students will not be allowed to use the network to access personal e-mail.
- Students are not permitted to use a teacher's individual account.

Although filtering software is installed in our internet package, it is not totally foolproof, and the school is not responsible for unsolicited materials. Any unsolicited messages or mail should be reported and not responded to. No one is allowed to change any files, folders or programs set up on the network except the administrator. Attempts to reach administration levels will result in that person being barred from using the network.

INTERNET SAFETY POLICY

PURPOSE

The Children's Internet Protection Act (CIPA) is a federal law enacted by Congress to address concerns about access to offensive content over the Internet on school and library computers. CIPA imposes certain types of requirements on any school or library that receives funding for Internet access or internal connections from the E-rate program – a program that makes certain communications technology more affordable for eligible schools and libraries. In early 2001, the FCC issued rules implementing CIPA.

Schools and libraries subject to CIPA may not receive the discounts offered by the E-rate program unless they certify that they have an Internet safety policy that includes technology protection measures. The protection measures must block or filter Internet access to pictures that are: (a) obscene; (b) child pornography; or (c) harmful to minors (for computers that are accessed by minors). Before adopting this Internet safety policy, schools and libraries must provide reasonable notice and hold at least one public hearing or meeting to address the proposal.

- Schools subject to CIPA are required to adopt and enforce a policy to monitor online activities of minors.
- Schools and libraries subject to CIPA are required to adopt and implement an Internet safety policy addressing: (a) access by minors to inappropriate matter on the Internet; (b) the safety and security of minors when using electronic mail, chat rooms and other forms

of direct electronic communications; (c) unauthorized access, including so-called “hacking,” and other unlawful activities by minors online; (d) unauthorized disclosure, use, and dissemination of personal information regarding minors; and (e) measures restricting minors’ access to materials harmful to them.

Saint Francis Xavier School provides filtered Internet access as one means of fulfilling its mission. Computers will not be used by anyone, including minors, for illegal activity, to access illegal materials, or to access materials that, by local community standards, would be objectionable. School employees are authorized to take prompt and appropriate actions to enforce the Rules of Conduct, and/or to prohibit use by individuals who fail to comply with the Internet Safety Policy as stated or implied herein. Parents are responsible for their minor children’s use of the school’s resources and facilities. Parents who believe that their minor children cannot responsibly use the School’s Internet access are requested to notify the administrative staff at Saint Francis Xavier School.

DISCLAIMER

Saint Francis Xavier School cannot control the content of resources available on the Internet and cannot be held responsible for their content. Saint Francis Xavier School makes every effort to restrict access to the Internet using filtering hardware and software. The Internet offers open access to information, ideas, and commentary from around the world in an unregulated medium. As such, it offers access to a wealth of material that is personally, professionally, and culturally enriching to individuals of all ages, but also attempts to restrict access to some material that some may find offensive, disturbing and/or illegal, inaccurate, or incomplete. The availability of information does not constitute endorsement of the content by Saint Francis Xavier School. The Internet, as an information resource, enables the school to provide information beyond the confines of its own resources. Use of Internet resources carries with it a responsibility to evaluate the quality of the information accessed. Accessing, using, or disseminating information via the Internet in the school is the responsibility of the user. In the case of minors, it is a joint responsibility of the user and the parent or teacher. Saint Francis Xavier teachers share a dual role with parents to provide care and supervision of children as they explore the internet.

PRIVACY

Saint Francis Xavier School seeks to protect the First Amendment rights of its users and their individual right to privacy. However, Internet users must be sensitive to the fact that workstations are in public areas and, therefore, images on the screen are subject to view by a wide audience. The Saint Francis Xavier School respects the confidentiality of those using its electronic resources and will only release school records required by law or for the School’s operations.

ACCEPTABLE USE

- 1) Internet access computers may be used to access a variety of electronic communication resources not including email and chat rooms by students. Email is a vital part of parent teacher communications. The school provides email accounts to the staff only. Free email and private email accounts are not accessible by students and visitors. The Smooth Wall content filter system in place prevents all student provided computer systems from accessing personal email and free email accounts. While each day new methods are developed by hackers to circumvent firewalls and content filters, Saint Francis monitors browsers, internet history along with staff and student reported sites that violate school internet safety policy.
- 2) Internet access computers may be used to access games. Approved educational games are a beneficial tool used by teachers. These sites are permitted for access by the content filter. In addition, the administration has an approval policy for websites that need to be allowed for access.
- 3) The School's Internet access computers may not be used by ANY user to access inappropriate or illegal materials, including but not limited to material of an obscene nature or child pornography. In addition, minors are prohibited from accessing materials considered to be "harmful to minors".
- 4) The School's Internet access computers may be used to access information, except as otherwise specified as unacceptable, from a variety of sources such as educational or commercial. Student computer lab is defined in a separate category in the content filter that governs what can and cannot be accessed. There are also permissions and denial categories within the filter for the student group for any allowable sites that the filter system thinks violates rules. After administration approval, these sites are added to the approved category. In no event shall Saint Francis Xavier School have any liability for lost profits or for any direct or indirect special, punitive or consequential damages, or any liability to any third party.

RULES OF CONDUCT

- 1) Internet computers will not be used for illegal activity, to access illegal materials, or to access materials that by local community standards would be objectionable. (Illegal materials include, but are not limited to, obscenity and child pornography as defined in U.S. Code Title 18 and State Penal Code Chapters 42 and 43.
- 2) Access by minors to materials deemed "harmful to minors" is prohibited. School Administration reserves the right to determine, based on community standards, materials considered to be "harmful to minors".
- 3) Installation, downloading, or modification of software is prohibited.
- 4) Users will respect copyright laws and licensing agreements. Materials obtained or copied on the Internet may be subject to laws that govern making reproductions of copyrighted works. A work protected by copyright may not be copied without permission of the

copyright owner unless the proposed use falls within the definition of "Fair Use." Users are responsible for compliance with all international, national, and state laws governing copyrighted materials.

- 5) Users will not make any attempt to misuse the computer. Misuse includes, but is not limited to, using the computer for illegal activities; hacking into the school computer system or any other computer system; damaging or attempting to damage computer equipment or software; interfering with systems operations, integrity or security; gaining unauthorized access to another person's files; sending harassing messages to other computer users; altering or attempting to alter the library computer's settings; and violating copyright laws and software licensing agreements. Misuse of the computer may result in the loss of computer privileges, potential loss of library privileges and possible prosecution. Damages resulting from the misuse are the responsibility of the user or in the case of minors, the parent or guardian.
- 6) Users will end their session and leave the computer when asked to do so.
- 7) Prompt payment is required by users who incur charges for printing or other authorized fees.
- 8) Saint Francis Xavier School shall not post any photos or information about students without a signed permission form from parents.

USE OF A TECHNOLOGY PROTECTION MEASURE (Compliance with Children's Internet Protection Act)

The Saint Francis Xavier School has installed a filtering software product on all Internet access computers. Currently Saint Francis Xavier School uses the Smooth Wall® Web filtering and Guardian system.

The installation of such a product is the school's means to comply with specific federal legislation. The Saint Francis Xavier School uses federal funds in a manner identified in Title XVII: The Children's Internet Protection Act requiring compliance with regulations specified in that legislation. Compliance includes the installation and enforcement of a technology protection measure to prohibit access by ANY user to graphic depictions of illegal materials as defined by U.S. Code Title 18. The legislation also includes specific language prohibiting access by minors to materials considered to be "harmful to minors".

The filtering software product (which is not under the control of the school) may restrict access to sites that could be deemed objectionable but may also limit access to sites that have legitimate research value. No filtering system is completely effective or efficient. Users are warned that objectionable and/or illegal materials may still be accessible through the filtering software. Users are reminded that they are responsible for acting in accordance with "The Rules of Conduct". Disabling the technology protection measure for approved staff members is acceptable.

GUIDANCE FOR SUPERVISING CHILDREN'S USE:

Saint Francis Xavier School staff does serve as a replacement of a parent only with regards to the student's compliance with school rules and use of computer systems as they relate to school policy. The responsibility for what minors read or view on the Internet at home rests with parents or guardians. Students while attending school must comply with school policy.

The following are recommended guidelines for parents and guardians to ensure that children have positive online experiences, whether at home or in school.

- Use the Internet as a family. Join your children in Internet exploration.
- Explore the wide range of available information and tell your children about sites you consider inappropriate for them.
- Encourage children to use sites recommended on the school's homepage and counsel them to avoid sites you consider unsuitable.
- Provide guidelines for your children on the amount of time they spend online, just as for television viewing.
- Instruct children to NEVER give out personal information (name, address, password, telephone number, credit card number) online.
- Teach children to be good online consumers. As with print information, consider the source, date, and accuracy of online information.

Social Media

Any student found posting inappropriate content to sites, such as Facebook, Instagram, Snapchat, etc., will be subject to disciplinary action. The Diocese of Baton Rouge advocates the use in innovative technology resources in its students' academic pursuits. However, because the Internet is a public forum with unrestricted access, all schools contained within the Diocese of Baton Rouge reserve the right to discipline any student for the posting of inappropriate information on the Internet by that student, regardless of the origin of the post. Disciplinary action can be taken as a result of any inappropriate information or photographs in any format related to any school, faculty/staff member and/or student within the Diocese of Baton Rouge on any website, chat room, email or other messaging system that is deemed threatening, harassing, or spreading false, defamatory or morally inappropriate material. Any student who fails to adhere to this regulation is subject to disciplinary action, including expulsion. In situations in which laws may have been violated, civil authorities may be notified.

Parents are asked to set a good example for students when accessing and using social media and may not use the St. Francis Xavier name in any form within the title of their social network page or website, unless approved by St. Francis Xavier Catholic School. This is reserved for official school sites only. It is expected that any social media sites that are related to SFX School be inclusive of all SFX community. Sharing disgruntled thoughts via social media does not solve concerns but rather often instigates unrest. Parents may not discuss SFX faculty or defame their name or character via social media. To do so could result in a family being asked to leave SFX School.

USE OF SCHOOL GROUNDS

The regular school hours are from 7:55 a.m. to 3:15 p.m. Students are not to arrive at school before 7:30 a.m. unless they are enrolled in the Before Care program.

Students are not to be on school grounds unsupervised. The school grounds are supervised beginning at 7:00 a.m. when Morning Care begins. There is no supervision before 7:00 a.m.; therefore, students are not to be left at school prior to 7:00 a.m. **Students arriving between 7:00 a.m. and 7:29 a.m. must go to Before Care and will be charged a fee of \$5.00 per day, which must be paid on a weekly or as-needed basis in advance of services provided. Morning Care is not a free service.** Students who's Before Care fees are two weeks past due may not continue to participate.

Students remaining after supervision has ended at 3:30 pm must be enrolled in the after-school program. Extended day hours are from 3:30 to 5:30 p.m. The school's Aftercare program is used. The cost of Aftercare in the afternoon will be determined by the program's grantor. Parents arriving after 5:30 p.m. to pick up Aftercare participants will be assessed a fee by the grantor.

Use of Student Information/Pictures

Students, faculty, and staff cannot be photographed or videoed without the approval of school administration. The school reserves the right to use student photographs in publications and on the school website. **Any parent/guardian who does not wish his or her child's photograph used must notify the principal in writing prior to the beginning of the school year or as soon as feasible.**

Since the presence of visitors at times other than designated events can be a safety concern and a distraction to the educational process, all persons entering the school campus are expected to sign in at the office to obtain a Visitor's Pass. School officials reserve the right to refuse admittance to the school campus. As a rule, unscheduled visitation of classrooms is not allowed to deter distractions.
