SCIENCE

*****You will need to send snapshots of the work below to me via text/email.*****

Concept: Learning about floating and sinking: that denser objects sink

EXPERIMENT

1. **What you will need: 4 - 5 objects to test that can get wet (toy, utensil, tool; water tray; a list of items; and a check mark sheet**
2. **What you will do: have child hypothesize (guess) which items will float and which will sink in the water.**

Test each item, letting your child put the item gently in the water.

Record the results on the check mark sheet (check appropriate column)

Item	Float	Sink
Pencil	X	
Spoon		X

SOCIAL STUDIES

Concept: Learning about various forms of transportation

1. **Have your child brainstorm various means of transportation.**
2. **On a chart, similar to the one below, have him/her draw 2 -3 forms of transportation used via land, water, and air.**

Transportation: How we get from one place to another

On Land		
(car)	(truck)	(train)
On Water		
In the Air
